

Why EasyPC Training should be Your Preferred Training Provider...

1. You will receive a comprehensive course workbook

You will receive manuals written in simple, easy-to-understand language with plenty of practice questions, unit summaries and quizzes to assist with your understanding and learning

2. You will receive an informative course CD

You will receive a CD of examples, articles and practice exercises relevant to your course

3. You will use practical examples during your training

Your training will take you through relevant and realistic examples to help you better understand the chosen application

4. Your training will be hands-on

During your training course, you will receive practical, hands-on computer-based training in your chosen application

5. EasyPC Training offers you customisable training courses

Onsite or group training can be tailored to suit the needs of your business

6. Your training course will have limited class sizes

The maximum number of attendees in a class is 10, thereby ensuring that the trainer can tailor the course to the level of the individual attendees, and provide additional assistance where necessary, whilst still providing group training

7. You will receive training from a qualified trainer

All courses and support are provided by a qualified trainer, ensuring a high standard of training at all times

8. We guarantee to answer all your software questions

In the rare instance that we can't answer a question pertaining to your course application, we will research and send you an answer to your question within 3 working days of your training

9. We guarantee you will be completely satisfied with your training

If you are not completely satisfied with your training, we will offer you a free course, to suit your individual needs

10. You will receive FREE after-course support

You will have direct access to a qualified trainer during and after your course for support in your chosen application
